

YOUR GUIDE TO CADS

CADS (children's able and disabled sports) are a series of unique sport, health and leisure activities organised by the sport and well-being team at Seashell Trust.

All activities are suitable for both able and disabled children and young adults. Making sport fully inclusive is important to us and this is reflected in our events. We make sure that all of our activities can be accessed by all young people no matter what their ability or disability, and one to one support can be provided for those with more complex needs. A great deal of preparation goes into each event to provide the best experience for all young people involved.

(from <http://www.seashelltrust.org.uk/>)

You will be allocated a child on the day who you will be supporting on a 1-1 basis all day.

That child is your responsibility for the day. If you need to go to the toilet, please ensure that another member of the team is able to supervise them and knows where you are.

Your job is to make sure that the kids you are supporting are happy and safe and can join in as much as they want to but if they need time out, there is a lot of space there for you to explore and quiet spaces to go if things get a bit chaotic.

Remember you are representing Time and although you will have a lot of fun at CADS - you are working. Seashell have a strict no mobiles onsite policy:

"I just wanted to remind all support staff that the Seashell Trust has a strict no mobile phone policy when onsite.

We have very vulnerable people here on site during CADS and also our students who live here, and we have had to remind several members of staff this week already that they are not to use their phones when near or around the young people. We are happy for staff to have a break to go somewhere to use their phone, but it must not be used during the times when they are supporting a young person."

There are several of you there each day so look out for each other and if one person is allocated to a more challenging child, it's OK to swap around and help each other out.

WHAT TO BRING

1. Your DBS certificate, as they will check this when you first arrive
2. Photo I.D. (passport or driving license)
3. Make sure you take your own lunch as well as you will be supporting the kids at lunch and there isn't time or anywhere to go to get lunch.
4. You need to bring your swimming stuff (including a spare t-shirt to swim in) and appropriate clothing (ideally sportswear).
5. Make sure you wear your **Time badges!** They sometimes request these at reception on arrival.

WHERE TO GO

The parent/ carer will bring the child to CADS and you meet them there.

The address of the school is:

Seashell Trust
Stanley Road
Cheadle Hulme
Cheshire
SK8 6RQ

You need to arrive by 9.30am each day. If there are any drivers going then we suggest a lift share from Parrs Wood. Drivers may well ask for a contribution towards the cost of petrol for the journey (or you could even offer!)

It is **YOUR** responsibility to contact the drivers to request a lift. There has sometimes been confusion in the past when drivers were waiting at Parrs Wood and not knowing who they were expecting to turn up for a lift. If you don't arrange to meet with one of the drivers then don't expect them to wait around for you!

TIMESHEETS

You don't need to get your timesheet signed by anyone, just put "CADS" and 5.5 hours (as it runs from 9.30am-3pm each day). Tricia has a list of which staff are attending.

Have a great time.

The Bookings Team :)
